

PERMACULTURE DESIGN COURSE

In this **80hr class** participants will learn the necessary skills to design a productive property of any size. Upon successful completion, students will receive the **International qualification of PDC Permaculture Design Certificate**. Completing a PDC is the only way you can teach, design and use permaculture in your business name anywhere in the world!

You can design your own place or any other for the final design assignment.

Resources included are a 100+ page book of notes, you get to copy each presentation to a USB and a student only **yahoo** group with over 400 of Pete's past PDC students to link with.
